Dear Representative Vos:

We are writing to ask you to join us in our support of a state budget that includes funding of the proposed KRM commuter rail extension and the rental car fee.

With recent bipartisan action in the Assembly and compromises offered in the conference committee, we ask that you encourage Republican members of the conference committee to adopt the recommendations of the SE Wisconsin Regional Transit Authority, contained in the Senate version of the budget. An overwhelming number of Racine community business leaders and residents understand the importance of commuter rail and favor the proposed funding. This is a priority for the region and is vitally important to Racine County's economic development and quality of life.

With the hope of continued progress in the conference committee, it is crucial that you voice your support for a budget that contains funding for the proposed KRM commuter rail extension, including the car rental fee.

Thank you for your consideration.
