**WALKER LAUNCHES NEW TELEVISION AD, TWO RADIO ADS
Remains on Offense Despite Attacks**

WEST ALLIS – County Executive Scott Walker continues his advertising campaign by launching a new television ad and two radio ads today, which highlight his strong case for re-election.

“Despite the attacks, County Executive Walker remains on the offensive,” said Campaign Manager Georgia Maxwell. “He has a strong record of holding the line on taxes and working with law enforcement agencies to make our streets safe. On the other hand, his opponent consistently supports higher taxes and is weak on crime. She has chosen to hide from her record by running a negative campaign. Nevertheless, Scott will continue to outline his positive vision for our future.”
