Case No. 07-CR-177

✓
Michael McGee, Jr.
Defendant

JON W. SANFILIPPO
CLERK

Motion For Continuance and Extension of Time:
Defendant's request for additional time to
adequately respond to Presentence Investigation Report

Mr. McGee, Michael comes before the court
requesting, an additional 20 days to respond with
necessary objections to presentence report.

1.) Because case is designated as complex, Mr. McGee
needs additional time to submit evidence that
supports his objections. Mr. McGee is incarcerated and
does not have direct access to discovery, and must depend
on his state lawyers to send requested evidence.

2.) There are numerous objections that require
further investigation by the Presentence Writer, and
Mr. McGee is not confident current counsel will meet
the October 10, 2008 deadline set by The Court.

Further, Mr. McGee is interested in moving forward, and not prolonging the sentencing proceedings - He is just concerned that all objections, and sentencing memoranda will not be filed by the court's deadline of October 10, 2008.

Therefore, Mr. McGee respectfully asks the court for a twenty (20) day extension - to file any objections to the presentence report.
