October 25th, 2006

Dear 5th State Senate District Resident,

The November 7th election is right around the corner and we want you to know we are doing something we seldom do - we are supporting the Democratic candidate in the race for the 5th District State Senate seat.

Jim Sullivan, candidate for the State Senate, will be getting our vote.

- Jim Sullivan brings the needed background to make an excellent contribution to the community, with six years of public service on the Wauwatosa Common Council and experience as a small business owner. Jim brings the integrity to do the job right.
- Jim Sullivan has the willingness to work on the issues important to Wisconsin - *taxes, jobs, education, and health care.*
- Most of all, Jim Sullivan is running for the right reason - to serve and represent the people of this district effectively - whether they are conservative, liberal or somewhere in between.

For us, our years of public service both at the local and state level tells us it is time to put the best people into office, regardless of party affiliation. This is a very important time in Wisconsin - it is no time to be limited to party labels. Wisconsin has had too many years of partisan squabbling. *We need the best and brightest in public office.* We need people who will work with the leadership of both parties to get the people's work done.

Please join us in voting for Jim Sullivan. Tom Reynolds has been an embarrassment to our communities. He puts his own shortsighted, obsolete views before the interests of his constituents and Wisconsin. We think it's time for a change.

Vote Jim Sullivan for State Senate on November 7th.

Sincerely,

Kate Bloomberg,
Former Mayor of Brookfield

Dr. Frank Urban,
Former Republican State Assemblyman
99th District, Brookfield
