

Statement from Daniel Hildebrand:

The Judicial Commission has informed Judge Ziegler that it is authorizing an investigation of certain allegations.

We are confident the Judicial Commission's review will find that Judge Ziegler and her family did not benefit from any case she handled. We are also confident the Judicial Commission will find that Judge Ziegler did not demonstrate bias toward any party and that her decisions were legally sound.

Judge Ziegler will be releasing the results of the Judicial Commission's review once it is completed. We are looking forward to an expeditious resolution of this matter.

Note: All questions related to the Ethics Board and Judicial Commission matters involving Judge Ziegler should be directed to Daniel Hildebrand. Mr. Hildebrand is representing Judge Ziegler.
