17 commerce; natural resources; transportation; and workforce development.

18 **(2)** After an agency publishes a statement of the scope of a proposed rule under

23 administration asking that the secretary of administration direct the agency to  
24 prepare an economic impact report for the proposed rule. The agency shall prepare  
25 an economic impact report before submitting the proposed rule to the legislative

1 council staff under s. 227.15 if the secretary of administration directs the agency to  
2 prepare that report. The secretary of administration may direct the agency to  
3 prepare an economic impact report for the proposed rule before submitting the  
4 proposed rule to the legislative council staff under s. 227.15. The secretary of  
5 administration shall direct the agency to prepare an economic impact report for the  
6 proposed rule before submitting the proposed rule to the legislative council staff  
7 under s. 227.15 if the secretary determines that all of the following apply:

14 the rule would adversely affect in a material way the economy, a sector of the  
15 economy, productivity, competition, jobs, the environment, public health or safety, or  
16 state, local, or tribal governments or communities.

17 **(3)** An economic impact report shall contain information on the effect of the  
18 proposed rule on specific businesses, business sectors, and the state's economy.  
19 When preparing the report, the agency shall solicit information and advice from the  
20 department of commerce, and from governmental units, associations, businesses,  
21 and individuals that may be affected by the proposed rule. The agency may request  
22 information that is reasonably necessary for the preparation of an economic impact  
23 report from other state agencies, governmental units, associations, businesses, and  
24 individuals. The economic impact report shall include all of the following:

2 health or the environment, that the rule is intending to address.

3 (b) An analysis and quantification of the economic impact of the rule, including  
4 costs reasonably expected to be incurred by the state, governmental units,  
5 associations, businesses, and affected individuals.

6 (c) An analysis of benefits of the rule, including how the rule reduces the risks  
7 and addresses the problems that the rule is intended to address.

8 **(4)** The agency shall submit the economic impact report to the legislative  
9 council staff, to the department of administration, and to the petitioner.

10 **(5)** This section does not apply to emergency rules promulgated under s.

18 **(2)** If an economic impact report will be prepared under s. 227.137 (2) regarding  
19 a proposed rule, the department shall review the proposed rule and issue a report.  
20 The agency shall not submit a proposed rule to the legislative council staff for review  
21 under s. 227.15 (1) until the agency receives a copy of the department’s report and  
22 the approval of the secretary of administration. The report shall include all of the  
23 following findings:

5 sources of information, and analytical methodologies used in developing the  
6 proposed rule.

7 **(3)** Before issuing a report under sub. (2), the department may return a  
8 proposed rule to the agency for further consideration and revision with a written  
9 explanation of why the proposed rule is returned. If the agency head disagrees with  
10 the department's reasons for returning the proposed rule, the agency head shall so  
11 notify the department in writing. The secretary of administration shall approve the

25 department shall notify the applicant of the proposed monitoring requirement and

1 give the applicant the opportunity to demonstrate to the administrator of the  
2 division of the department that administers this chapter that the proposed  
3 monitoring requirement is unreasonable considering, among other factors,  
4 monitoring requirements imposed on similar air contaminant sources by other  
5 states. If the administrator determines that the monitoring requirement is  
6 unreasonable, the department may not impose the monitoring requirement. If the  
7 administrator determines that the monitoring requirement is reasonable, the  
8 applicant may obtain a review of that determination by the secretary. The secretary  
9 may not delegate this function to another person. If the secretary determines that  
10 the monitoring requirement is unreasonable, the department may not impose the  
11 monitoring requirement.

15 quality standard for any air contaminant is not promulgated under section 109 of the  
16 federal clean air act, the department may promulgate an ambient air quality  
17 standard if the department finds that the standard is needed to provide adequate  
18 protection for public health or welfare. The department may not make this finding  
19 for an air contaminant unless the finding is supported with written documentation  
20 that includes all of the following:

21 **SECTION 184.** 285.21 (1) (b) 1. to 4. of the statutes are created to read:

22 285.21 (1) (b) 1. A public health risk assessment that characterizes the types

24 the population groups that are potentially at risk from the emissions.

1           2. An analysis showing that members of population groups are subjected to  
2 levels of the air contaminant that are above recognized environmental health  
3 standards.

4           3. An evaluation of options for managing the risks caused by the air  
5 contaminant considering risks, costs, economic impacts, feasibility, energy, safety,  
6 and other relevant factors, and a finding that the proposed ambient air quality  
7 standard reduces risks in the most cost–effective manner practicable.

8           4. A comparison of regulatory programs reasonably expected to meet the  
9 proposed ambient air quality standard with ambient air quality regulatory programs  
10 in Illinois, Indiana, Michigan, Minnesota, or Ohio.

14 federal clean air act are ~~relaxed~~ modified, the department shall alter the  
15 corresponding state standards unless it finds that the ~~relaxed~~ modified standards  
16 would not provide adequate protection for public health and welfare. The  
17 department may not make this finding for an ambient air quality standard unless  
18 the finding is supported with the written documentation required under sub. (1) (b)  
19 1. to 4.

20           **SECTION 186.** 285.23 (1) of the statutes is amended to read:

21           285.23 **(1)** PROCEDURES AND CRITERIA. The department shall promulgate by rule  
22 procedures and criteria to identify a nonattainment area and to reclassify a  
23 nonattainment area as an attainment area. After the effective date of this subsection  
24 .... [revisor inserts date], the department may not identify a county as part of a  
25 nonattainment area or recommend that a county be designated as part of a

1 nonattainment area under the federal clean air act if the concentration of an air  
2 contaminant in the atmosphere does not exceed an ambient air quality standard,  
3 unless under the federal clean air act the county is required to be designated as part  
4 of a nonattainment area.

5 **SECTION 187.** 285.23 (2) of the statutes is amended to read:

6 285.23 (2) DOCUMENTS. The department shall issue documents from time to  
7 time which define or list specific nonattainment areas or recommend that areas be

17 contains a description of any area proposed to be identified as a nonattainment area  
18 and supporting documentation. The department shall also submit to the revisor of  
19 statutes for publication in the administrative register a notice of availability of the  
20 report. If, within 30 days after the department submits the report, the chairperson  
21 of a standing committee to which the report was provided submits written comments  
22 on the report to the department, the secretary shall respond to the chairperson in  
23 writing within 15 days of receipt of the comments.

1           285.27 (1) (a) *Similar to federal standard.* If a standard of performance for new  
2 stationary sources is promulgated under section 111 of the federal clean air act, the  
3 department shall promulgate by rule a similar emission standard, including  
4 administrative requirements that are consistent with the federal administrative  
5 requirements, but this standard may not be more restrictive in terms of emission  
6 limitations than the federal standard except as provided under sub. (4).

7           **SECTION 190.** 285.27 (2) (a) of the statutes is amended to read:

8           285.27 (2) (a) *Similar to federal standard.* If an emission standard for a  
9 hazardous air contaminant is promulgated under section 112 of the federal clean air  
10 act, the department shall promulgate by rule a similar standard, including  
11 administrative requirements that are consistent with the federal administrative  
12 requirements, but this standard may not be more restrictive in terms of emission  
13 limitations than the federal standard except as provided under sub. (4).

14           **SECTION 191.** 285.27 (2) (b) of the statutes is renumbered 285.27 (2) (b) (intro.)

17 emission standard for a hazardous air contaminant is not promulgated under section  
18 112 of the federal clean air act, the department may promulgate an emission  
19 standard for the hazardous air contaminant if the department finds the standard is  
20 needed to provide adequate protection for public health or welfare. The department  
21 may not make this finding for a hazardous air contaminant unless the finding is  
22 supported with written documentation that includes all of the following:

23           **SECTION 192.** 285.27 (2) (b) 1. to 4. of the statutes are created to read:

24           285.27 (2) (b) 1. A public health risk assessment that characterizes the types

1 contaminant and the population groups that are potentially at risk from the  
2 emissions.

3 2. An analysis showing that members of population groups are subjected to  
4 levels of the hazardous air contaminant that are above recognized environmental  
5 health standards.

6 3. An evaluation of options for managing the risks caused by the hazardous air  
7 contaminant considering risks, costs, economic impacts, feasibility, energy, safety,  
8 and other relevant factors, and a finding that the chosen compliance alternative  
9 reduces risks in the most cost-effective manner practicable.

10 4. A comparison of the requirements related to emission standards for  
11 hazardous air contaminants in this state to hazardous air contaminant regulatory  
12 programs in Illinois, Indiana, Michigan, Minnesota, and Ohio.

13 **SECTION 193.** 285.27 (2) (d) of the statutes is created to read:

14 285.27 (2) (d) *Emissions regulated under federal law.* Emissions limitations  
15 promulgated under par. (b) and related control requirements do not apply to

17 that are regulated by an emission standard promulgated under the federal clean air  
18 act, including a hazardous air contaminant that is regulated under the federal clean  
19 air act by virtue of regulation of another substance as a surrogate for the hazardous  
20 air contaminant or by virtue of regulation of a species or category of hazardous air  
21 contaminants that includes the hazardous air contaminant.

22 **SECTION 194.** 285.27 (4) of the statutes is amended to read:

23 285.27 (4) **IMPACT OF CHANGE IN FEDERAL STANDARDS.** If the standards of  
24 performance for new stationary sources or the emission standards for hazardous air  
25 contaminants under the federal clean air act are relaxed, the department shall alter

1 the corresponding state standards unless it finds that the relaxed standards would  
2 not provide adequate protection for public health and welfare. The department may  
3 not make this finding for an emission standard for a hazardous air contaminant  
4 unless the finding is supported with the written documentation required under sub.  
5 (2) (b) 1. to 4. This subsection applies to state standards of performance for new  
6 stationary sources and emission standards for hazardous air contaminants in effect  
7 on April 30, 1980, if the relaxation in the corresponding federal standards occurs  
8 after April 30, 1980.

10 285.60 (1) (a) 1. Except as provided in sub. (5m) or (6), no person may commence  
11 construction, reconstruction, replacement or modification of a stationary source
