MADISON, WI - Americans for Prosperity - Wisconsin launched a grassroots activist campaign to thank State Representative Adam Jarchow for his strong leadership in advancing property rights reform in the Badger State.

“On behalf of AFP-Wisconsin’s base of over 130,000 grassroots activists, we applaud Representative Jarchow for championing Wisconsin homeowners’ property rights,” said AFP-WI State Director Eric Bott. “As the Homeowners’ Bill of Rights is debated in Madison, we felt it was important for our activists to show their strong support for Rep. Jarchow’s commonsense reforms so that we can protect the property rights of every Wisconsinite.”

The mailers note that Rep. Jarchow continues to fight to protect the personal liberty of individuals, families and small business owners across Wisconsin by sponsoring the Homeowners’ Bill of Rights, which will:

- Reduce costs and eliminate barriers for Wisconsin families to buy and own a home;
- Limit the authority of government to overzealously regulate and infringe upon property rights; and
- Protect Wisconsinites from unreasonable zoning and permitting restrictions, including the right of property owners to fly American and Wisconsin flags.
