

AP reports State Superintendent Tony Evers advances to general

Posted on Wednesday, Feb 22, 2017

State Superintendent Tony Evers is advancing to the spring general election, but his opponent was not yet decided, the Associated Press reported.

The declaration from AP comes a half-hour after polls closed in the only statewide race on the spring primary ballot. Evers is facing off against John Humphries, a former Dodgeville administrator who worked at the Department of Public Instruction, and Lowell Holtz, the retired Whitnall superintendent.

Racine teacher Rick Melcher was also registered with the Elections Commission as a write-in candidate.
