Wisconsin: Do you know where your governor is?

The state faces a major budget crisis, and has [gone 3 weeks](#) past the June 30th budget deadline. Instead of negotiating a deal, Governor Scott Walker is busy playing Iowa politics yet again.

Today, Walker took time away from negotiating table to [endorse](#) Iowa Gov. Kim Reynolds in her primary. Walker was a frequent visitor to Iowa during his failed 71-day-long presidential campaign.

“After his failed presidential campaign last year, Governor Walker is once again abandoning his job in Wisconsin for politics in Iowa,” said DGA Communications Director Jared Leopold. **“Meanwhile, Wisconsin remains without a budget and transportation projects remain unfunded. Scott Walker should do his job and solve the budget crisis, instead of following the glimmering lights of national politics.”**
