Governor Scott Walker today announced funding totaling \$1,938,607 to design and reconstruct Runway 8/26 at the Dodge County Airport. Lucas Ward, P.E., airport development engineer with the Wisconsin Department of Transportation (WisDOT), says these projects will improve safety and pavement conditions at Dodge County Airport. Construction should be completed by October 2018.

Funds from the state, Dodge County and Federal Aviation Administration (FAA) will be used for this project.

Funding Breakdown

- State = \$96,930
- Dodge County = \$96,931
- FAA = \$1,744,746

Airport improvement projects are administered through the WisDOT Bureau of Aeronautics. Dodge County Airport is one of 97 facilities included in the Wisconsin State Airport System Plan, which makes it eligible for state and federal funding.
