“The Chairman of Donald Trump’s campaign and his deputy have been charged with conspiracy against the United States, money laundering, and making false statements – all related to their work to promote a pro-Putin regime. Paul Manafort and Rick Gates ran Trump’s campaign and continued to be a part of his inner circle after Election Day. This underscores the seriousness of the investigation into Donald Trump’s ties to Russia. It’s time for Republicans to commit to protecting this investigation and preserving the rule of law.”
