Strategic Communications Company Moves to Brookfield's Bishop's Woods

[BROOKFIELD, WISC...] Edge Messaging, LLC has expanded and relocated their Waukesha County, Wisconsin offices to the Bishop's Woods neighborhood in the City of Brookfield.

"As our client base grew it became apparent we needed additional room to produce more audio, visual and other creative projects in-house," said Edge Messaging's President Brian Fraley. "So we've created a production and meeting space that is larger, more flexible and more accommodating to our clients' real-time demands." Brookfield's Bishop's Woods is located along Interstate-94 and the vibrant Bluemound Road corridor. The new Edge Messaging facility is in Bishop's Wood's Atrium
120

Building, located at [120 Bishops Way, Suite 164](#). At approximately 2,000 square feet, it more than doubles the size of Edge Messaging's previous office space.

"Companies, candidates and causes partner with us for public relations at the speed of now," said Fraley. "We've experienced steady growth in the last two years and believe our dynamic new space will help us better meet our clients' demands for state-of-the art audio, video and internet production.

Edge Messaging is a strategic communications and public relations consultancy that also creates radio and television commercials, websites and social media

campaigns.

Edge Messaging's clients include corporations, political candidates and nonprofits that range in size from Fortune 10 companies to small, voluntary grassroots organizations.
