MADISON – Governor Scott Walker released the following statement after the State Assembly approved the Wisconn Valley Special Session bill. The bill now moves to Governor Walker’s desk for his signature.

“Thank you to members of the Legislature for approving this historic, bipartisan jobs bill. Foxconn’s \$10 billion cutting-edge manufacturing campus and the creation of 13,000 jobs will be transformational for our state. Advanced display technology will be made in America, right here in Wisconsin. I look forward to signing this historic bill into law soon.”
