

Milwaukee Rotary Club

Posted on Monday, Sep 11, 2017

Milwaukee County Wart Memorial Center,
750 N. Lincoln Memorial Drive,
Milwaukee.

Impact investments are investments made into companies, organizations, and funds with the intention to generate social and environmental impact alongside a financial return. Benefit Chicago is a new collaboration that aims to mobilize \$100 million for impact investments for nonprofits and social enterprises working throughout the Chicago region. Join us to hear their Executive Director William Towns discuss how Benefit Chicago helps businesses and nonprofits access the capital they need to innovate and grow. Dan Bader of Bader Philanthropies will also join us to provide local perspective on Impact Investing in Milwaukee.

Rotary meetings are open to members, invited guests and media.
