[Madison, Wis.] – Today, the Natural Resource Development Association released a series of digital ads thanking members of the Senate Committee on Sporting Heritage, Mining, and Forestry for voting in favor of SB 395, the Mining for America Act.

“We couldn’t be more pleased to show support and gratitude to Senators Tiffany, Testin, and Moulton, and their support for providing a new generation of good-paying, family-supporting jobs throughout Wisconsin,” said Natural Resource Development Association Executive Director Nathan Conrad. “This landmark legislation will keep stringent environmental standards in place while allowing for the proper development of the Badger State’s natural resources.”

The digital advertisement buy will be seen across the state of Wisconsin on social media platforms as well as a bevy of targeted news sites.
