MADISON, Wis. — Planned Parenthood of Wisconsin today announced the opening of a new, comprehensive women’s health center in Milwaukee.

The following are the statements of One Wisconsin Institute Program Director Analiese Eicher:

“Planned Parenthood’s announcement is great news for the women and families of Wisconsin who deserve confidential, nonjudgmental reproductive health care services from a trusted provider.

“While Donald Trump, Scott Walker and others try to impose their judgements and turn back the clock on women’s health care, it’s heartening to see leaders like Planned Parenthood rallying community support to open a new, state of the art facility.

“Congratulations, and thank you, Planned Parenthood of Wisconsin.”
