Madison— Today State Representative Adam Neylon (R-Pewaukee), Chairman of the Assembly Committee on Jobs and the Economy, issued the following statement in response to overseeing the passage of the August 2017 Special Session Assembly Bill 1:

“I am proud to announce that Special Session Assembly Bill 1, the Foxconn Bill, has passed the Assembly Jobs and the Economy Committee. I look forward to voting to approve this bill on the Assembly floor later this week.

“The goals of the Jobs and the Economy Committee have always been to create family supporting jobs and develop Wisconsin’s economy – this bill does both. I appreciate the support of committee members who voted in favor of this bill. This bill is yet another reminder that Wisconsin is open for business.

“With this deal, Wisconsin is on track to become the leader in technology manufacturing in the United States.”
