Madison, WI – State Representative Mike Rohrkaste (R-Neenah) issued the following statement after Governor Walker presented his budget recommendations to a Joint Session of the Wisconsin State Legislature.

“Because of responsible fiscal management in the past our state is now better off. This proposal is an indication that Wisconsin is headed in the right direction. We can continue to cut taxes for hard-working Wisconsinites and invest in education, mental health, and workforce training.

“In the Legislature, our role is to improve the budget proposal using public input. I look forward to reviewing the Governor's recommendations, gathering input from my constituents, and working with my colleagues in the Legislature to improve on this proposal.”
