MADISON – Representative Lisa Subeck (D-Madison) released the following statement regarding her vote against Special Session Assembly Bill 1, which will provide a \$3 billion subsidy to the Taiwanese company, Foxconn.

“The \$3 billion Foxconn giveaway passed today by Assembly Republicans is a bad deal for the hardworking taxpayers of Wisconsin. The price tag is too high, and the risk of providing \$3 billion in corporate welfare far outweighs any likely benefit. To be clear, I am committed to bringing good jobs to Wisconsin, but this convoluted corporate welfare scheme is not the way to do so. We can bring good jobs to Wisconsin without selling out our environment or mortgaging our children’s futures. I voted “no” today to protect my constituents who will be left paying the price of this boondoggle for years to come. Governor Walker and the Republicans are all too willing to sell out Wisconsin’s future to a foreign corporation.”
