Madison-Today State Representative Tyler Vorpapel (R-Plymouth) issue the following statement regarding Governor Walker's budget address:

"I'd first of all like to congratulate Governor Walker on introducing a budget that invests in Wisconsin's future and builds on his fiscal responsibility in prior budgets.

"Investing in our children has been a top priority for me, and I'm glad to see that the Governor is committed to investing in our schools. Our children are the infrastructure of the state, educating them to become industrious is the backbone of our state.

"Getting people back to work this session is a high priority for me, in Sheboygan County we currently have a worker shortage. I'm happy to see that the Governor is continuing to invest in worker training and giving people the tools to move into high paying jobs without be penalized if they receive assistance."
