[Madison, WI]— Senator Baldwin’s talking tour continued today when she announced her support for President Trump’s Secretary of Agriculture nominee, Sonny Perdue. Her support for Perdue comes after opposing more Trump nominees that any other red-state senator and supporting regulations harmful to hard-working Wisconsin farmers like the Waters of the US Rule.

“After nearly two decades in Washington, Senator Baldwin continues to say one thing and do another,” said Alec Zimmerman, spokesman for the Republican Party of Wisconsin. “If her record matched her rhetoric, she’d be fighting for real reforms for Wisconsin’s hard-working farmers and families, instead of defending the Washington status quo time after time.”
