Kenosha, Wisconsin – Activists from Forward Kenosha, Forward Racine, Left of the I, Our Wisconsin Revolution CD1, the Kenosha County Democratic Party, and the Wisconsin Working Families will gather at the Kenosha office of House Majority Leader Paul Ryan to hold him accountable for the cruel health care repeal bill passed in the House and being debated in the Senate. Residents will speak about their concerns with [#TrumpCare](https://twitter.com/TrumpCare) and how they will be personally affected.

Though Sen. Mitch McConnell said yesterday that he will put off a vote on the Senate version of the bill, residents will continue to advocate against the measure, which will strip health care from 23 million Americans. They will call on Sen. Ron Johnson to continue his stated opposition to the bill.
