Washington, D.C.—House Speaker Paul Ryan (R-WI) issued the following statement after Anthem announced that it will reduce its offerings in Wisconsin next year to one plan in one county:

“Because of Obamacare, many Wisconsinites will now have to scramble to find new plans and new doctors. This law has failed our state, where average individual market premiums have skyrocketed by [93 percent](#) since 2013. Obamacare is clearly collapsing, and we have to step in before more families get hurt. We are on a rescue mission to replace this collapsing law with a better system so that people have lower costs, more choices, and real peace of mind. We need to get this done.”
