**WASHINGTON**—House Speaker Paul Ryan (R-WI) issued the following statement on introduction of the [American Health Care Act](#):

*“Obamacare is rapidly collapsing. Skyrocketing premiums, soaring deductibles, and dwindling choices are not what the people were promised seven years ago. It’s time to turn a page and rescue our health care system from this disastrous law. The American Health Care Act is a plan to drive down costs, encourage competition, and give every American access to quality, affordable health insurance. It protects young adults, patients with pre-existing conditions, and provides a stable transition so that no one has the rug pulled out from under them.*

“Working together, this unified Republican government will deliver relief and peace of mind to the millions of Americans suffering under Obamacare. This will proceed through a transparent process of regular order in full view of the public. I want to thank all of our members who have contributed their ideas, especially Chairman Walden and Chairman Brady, as well as Secretary Price and the Trump administration, for their commitment to keep this promise and get this right.”
