Washington, D.C. – Today, Congressman Jim Sensenbrenner released the following statement on the devastating news that Molina Healthcare will be dropping out of the Obamacare exchanges:

**Congressman Sensenbrenner:** “The announcement that Molina Healthcare will be dropping out of the Obamacare exchanges isn’t a surprise, but it certainly is disastrous for the more than 50,000 of Wisconsinites who may be left with no health care options under Obamacare.

“This is the latest development in a string of devastating health care losses for Wisconsin under Obamacare – an ill-fated law that has been a failure since its passage. It’s imperative for the health of our nation for Congress to find real solutions to the intensifying problems caused by Obamacare. The House of Representatives passed smart, patient-centered repeal and replace legislation – the Senate must do the same for the sake of all Americans. ”
