Madison, Wisconsin – A Wisconsin Senate committee has scheduled a public hearing on the Republican-sponsored, controversial anti-immigrant bill AB190/SB275 (factsheet [here](#)). The bill is a copycat of Texas' SB4 and very similar to a bill defeated last year through the Day without Latinxs and Immigrants general strike. The bill would give sweeping powers to local law enforcement and public employees to interrogate, arrest, and deport immigrant community members, and require local law enforcement to comply with unconstitutional ICE detainer requests.
