After the launch of our statewide house party program, Artie's Dog House, folks from all over Wisconsin have reached out to host a meet and greet, a house party or a neighborhood conversation with Dana. Wisconsinites are looking for an opportunity to engage in a conversation about the state of the state, the failed Walker policies and how to **move Wisconsin forward**. We will be adding house parties on our website, so make sure to check it out (danawachs.com) and see if Artie's Dog House is coming to neighborhood near you!

If you have any questions, need more information about one of our events or would be interesting about hosting (or just want to chat about what hosting entails) an Artie's Dog House Party, contact Joe Younkle, our Events Assistant, Joe@danawachs.com.
