

Walker's campaign starts online petition, digital ad in fight over transportation funding

Posted on Thursday, Jan 12, 2017

Gov. Scott Walker's state campaign is releasing a digital ad and [online petition](#) today as he ups the ante in the fight over revenue increases for transportation.

The petition includes a message from the gov that he made a promise he would not increase taxes and "I've kept my word."

"Today, I remain opposed to increasing your taxes — despite pressure from some to take more money from Wisconsin's working families at the pump," the online petition reads. "Join me now and take a stand against higher taxes, and in support of elected officials who keep their promises."

Walker's campaign says the digital ads will be similar to the online petition.
