Madison, Wisconsin—Today, Anthem, Inc. announced that they would no longer offer plans on the Obamacare exchange for Wisconsin residents. While more hard-working Wisconsin families are being left with fewer healthcare choices through the exchange—along with crushing premiums—Senator Tammy Baldwin has continued to defend the Obamacare status quo instead of working for meaningful healthcare reform.

“Senator Baldwin needs to come clean and acknowledge the deep flaws of Obamacare,” said Alec Zimmerman, spokesman for the Republican Party of Wisconsin. “Senator Baldwin helped to create this problem and now she’s left hard-working Wisconsin families with limited choices and in desperate need of reform.”
