[Madison, WI]— Senator Tammy Baldwin is working overtime to defend the Obamacare status quo and block Republican reform efforts. She's openly rooted for Republican reforms to fail and [announced her support](#) of government-run health care. Now she has created even more confusion, saying that she [supports a bipartisan effort](#) on health care reform.

“Senator Baldwin’s support of the far-left fantasy of government-run health care puts hard-working Wisconsin taxpayers at risk,” said Alec Zimmerman, spokesman for the Republican Party of Wisconsin. “Instead of fighting for Wisconsin families, Senator Baldwin is supporting programs that would drastically empower big government special interests with out-of-control spending—more proof that her bipartisan overtures are not genuine.”
