[Madison, WI]— Today, Governor Walker signed into law a bill to help bring Foxconn Technology Group to Wisconsin. Foxconn's investment means tens of thousands of good-paying, family-supporting jobs for Wisconsin. Thanks to the bold reforms of Governor Walker and Wisconsin Republicans, our future is bright. The Republican Party of Wisconsin released the following statement from Chairman Brad Courtney: "Wisconsin Republicans have fought for bold reforms that put hard-working families first. Foxconn's investment means tens of thousands of good-paying, family-supporting jobs that will transform Wisconsin's economy - allowing more Wisconsinites opportunity and the chance for success. Thanks to the leadership of Governor Walker and our Republican leaders, Wisconsin's future is bright."
