[Madison, WI] — Wisconsin Republicans and President Trump are delivering real results for hard-working families with tax reform legislation that will mean more than \$2,000 in savings for the typical family of four, as well as more jobs and economic growth in Wisconsin and across the country. Republican Party of Wisconsin Brad Courtney released the following statement:

“President Trump, Speaker Paul Ryan, and Republicans representing our great state are delivering real and meaningful tax reform for Wisconsin’s hard-working families. This legislation will put more money in the pockets of Wisconsinites and help businesses create jobs and economic growth – just like our taxpayer-first reforms have already done in Wisconsin. I want to congratulate the president and the bold conservative leaders representing our state.”

The tax reform legislation has been passed by the U.S. House of Representatives and U.S. Senate, and will head to the president’s desk for his signature.
