## **WIT Wisconsin welcomes Microsoft President Brad Smith on Oct. 20th**

Women in Technology Wisconsin will feature Brad Smith, President of Microsoft, at their breakfast meeting on October 20th. Smith will present 'Digital Inclusion: What this means to Northeast Wisconsin and Beyond' to talk about Microsoft's new Rural and Middle America Technology Initiative. This program has 3 goals: partnering with communities to learn about local technology impacts and opportunities, working together to develop new technology solutions to address local needs, and to share what works with other communities across the country.

The meeting will begin with registration and breakfast at 7:00 am, followed by WIT updates and featured speaker at 7:30. Registration for this session can be found at [www.witwisconsin.com/events](http://www.witwisconsin.com/events). [Contact info@witwisconsin.com](mailto:info@witwisconsin.com) for more information about media coverage.

**About Women in Technology Wisconsin:** The mission of Women in Technology – Wisconsin (WIT) is to grow, attract, and retain women in technology-related careers. With programming designed for women in executive, senior, manager, and entry-level technology positions, WIT provides an opportunity for networking, exchanging of ideas, and personal and professional growth.
