

AFP-Wisconsin starts ad praising Walker for 'pro-growth policies'

Posted on Thursday, Jun 28, 2018

Americans for Prosperity-Wisconsin today announced what it said is a seven-figure buy on TV and digital thanking Gov. Scott Walker for his "pro-growth policies."

The conservative group said the spot will air in multiple markets around the state, but didn't provide specifics.

The ad opens with the narrator saying, "Something exciting is happening in Wisconsin."

The narrator goes on to say unemployment is at an all-time low, Wisconsin is second in the national for growing manufacturing jobs, taxes have been cut, the rainy-day fund has increased, and family income and wages are growing.

"It's all thanks to Scott Walker's pro-growth policies," the narrator says before adding the state is investing "at historic levels in our schools."

"His bold reforms are making sure every child has access to the education they need to succeed," the narrator says before closing the spot, "Thank you, Governor Walker."
