MADISON, Wis. – Americans for Prosperity-Wisconsin (AFP-WI) celebrated the policy champions who won election to the Wisconsin Legislature and looks forward to continuing working with them and other lawmakers to double down on policies that break barriers that keep Wisconsinites from improving their lives and communities. Every candidate for state legislature AFP-WI backed has won or is winning their election. AFP-WI had invested six-figures in grassroots activities and paid media to urge Wisconsinites to vote for these lawmakers.

AFP-WI State Director Eric Bott issued the following statement:

“These lawmakers have driven policies that have helped people improve their lives and we’re excited to build even stronger coalitions with them in the upcoming session. Wisconsinites have enjoyed historically low unemployment and more money in their pockets under the leadership of these lawmakers but there is still much work to be done. We applaud our activists for their tireless efforts in driving conversations about these reformers throughout the state and we will build on this momentum to continue breaking barriers to opportunity and building more policy champions in 2019 and beyond.”
