Grassroots activist group launches advertising and mail campaign lauding Rep. Grothman for vote to stop overspending

MADISON, WI — Americans for Prosperity-Wisconsin (AFP-WI) announced today it will begin a campaign to thank U.S. Representative Glenn Grothman for his voting record of opposing wasteful government spending. Grothman is the only Wisconsinite featured in a new national AFP campaign to hold both Republicans and Democrats accountable for their records on government spending and thank champions who have protected taxpayers.

The campaign will begin over the Memorial Day recess using mailers as well as digital and print advertising to thank Representative Grothman for his vote against a bloated \$1.3 trillion omnibus package in March. It will also call on him to continue his work to reduce federal spending as the 115th Congress draws to a close.

AFP-WI State Director Eric Bott made the following statement:

“Time after time, Glenn Grothman has proven himself to be a true friend of Wisconsin taxpayers by voting against wasteful government spending. AFP-WI’s base of over 130,000 grassroots activists are delighted to thank a true champion of fiscal responsibility like Congressman Grothman. Washington does not have a

revenue problem, it has a spending problem. While too many lawmakers, Republican and Democrat alike, seem content to be part of that problem, Grothman is working to be part of the solution. He has kept his promise to the people of Wisconsin and we urge him to keep fighting the good fight against overspending.”
