Grassroots effort launched to encourage bold leadership on key priorities

MADISON, WI. – Americans for Prosperity-Wisconsin (AFP-WI) on Monday launched a paid media effort including direct mail and digital advertisements thanking Senator Ron Johnson and Representative Ron Kind for their leadership. Sen. Johnson is being recognized for his leadership on working to curb out-of-control spending; and both Sen. Johnson and Rep. Kind are being encouraged to keep speaking out against harmful tariffs. AFP's sister organization, The LIBRE Initiative, is also launching direct mail into the district of Speaker of the House Paul Ryan encouraging him to find a permanent solution to recipients of Deferred Action for Childhood Arrivals program.

The announcement is part of [AFP's end of year push](#) that is dedicated to forging bipartisan compromise to address criminal justice reform, immigration reform, free trade and runaway spending.

AFP-WI State Director Eric Bott issued the following statement:

“It’s time to come together. Congress has an incredible opportunity to heal the partisan divide in our country by showing Americans that they can work together to curb out-of-control spending, put an end to a harmful trade war, and promote policies that empower individuals to achieve the American Dream. We want Wisconsinites to call on Senator Johnson, and Representatives Kind and Ryan to

bring their chambers together to solve important issues before the year runs out.”
