RACINE, WI – Democratic congressional candidate Randy Bryce released the following statement on the Trump administration’s decision to gut critical parts of the ACA.

“What the Trump has done tonight jeopardizes health care for millions of Americans. It should not be so hard to get health insurance just because you have a preexisting medical condition. Millions of Americans and I are cancer survivors, and we need these protections. This is an attack on working families everywhere, and the Trump administration’s request not to repeal this rule until after the midterms proves that they know that too.”
