RACINE, WI – Randy Bryce released the following statement about Donald Trump's visit to Foxconn.

“Once again, Donald Trump is lying to us. He claims that Foxconn will create “15,000 jobs”. But here’s the reality: Foxconn is only guaranteed to create 3,000 jobs. True to form, he is over-promising and under-delivering. So now I have a message for Donald Trump: working families are sick of being lied to. We see the lies a mile away and we will hold you accountable this November.”
