(Appleton, WI) – Hoffman Planning, Design & Construction has received the Heart of the Valley Chamber of Commerce’s Large Business Achievement Award at its 2018 Annual Awards event. This is Hoffman’s first time winning the award.

“Hoffman is honored to be recognized as the Large Business Achievement Award winner by the Heart of the Valley Chamber,” says Sam Statz, Hoffman president. “This award means a great deal to us because of what it represents. We are proud to be a part of this area, support the communities, and assist businesses in their development.”

The Heart of the Valley Chamber of Commerce Annual Awards Event recognizes Chamber members achievements in the last year. Hoffman celebrated 125 years of tradition in 2017, Statz became majority owner, and Hoffman was selected to design and build the new U.S. Venture headquarters in downtown Appleton. Groundbreaking for the U.S. Venture project is expected to take place in late 2018, with project completion set for 2021.
