Yesterday, Donald Trump came out in favor of abolishing birthright citizenship by Executive Order. Congressman Glenn Grothman [has co-sponsored](#) similar anti-immigrant legislation in the past, and on Monday, a new [poll](#) was released showing that Rep. Grothman's lead in the 6th Congressional District race in Wisconsin has been narrowed to within the margin of error.

In response, State Director George Olufosoye released the following statement:

"Young people are sick of politicians like Glenn Grothman who scapegoat immigrants for political gain. From attacking DACA recipients to voting for hard-line immigration bills in Congress, Glenn Grothman is squarely in the corner of Donald Trump. On November 6, young people will reject Grothman and elect Dan Kohl who will stand up for our interests and values in Congress."
