Tim Ramthun has received two (2) very important endorsements from two (2) very important Wisconsin organizations, Pro-Life of Wisconsin and Wisconsin Right To Life. Both organizations are highly respected for their services towards protecting the preborn, personhood citizens that remain under siege from current injustices against the protection of life. Concern and considerations for the preborn are a top priority for Tim and his campaign and it will be his mission to continue all efforts to increase protections and to address unfinished business in this regard. He commits that in his first term he will protect genuinely-needed services and resolve issues of injustice on the preborn.

Upon the news of being informed of these high honors, Ramthun went on to say, "I recognize and believe that life begins at conception and lasts until natural death, that to be allowed life is a human right, and that our District, State, and Federal governments should do everything possible to protect that right, especially for our preborn, the one's most vulnerable. Dated legislation, from AB305 in the 15/17 session, as well as AB549 and 550 from the current 17/19 session, will be reintroduced by me at the first possible moment as the new 59th Assembly representative. These dated matters should have already been made law and with each delay in time, more lives are tragically lost. It's time to end these tragedies", concluded Ramthun.

Additionally, the Pro-Life endorsements tie very well with yet another highly respected endorsement for Timothy Ramthun, that from the National Director of Christian Life Resources, Pastor Robert Fleischman who stated:
