MADISON – Representative Thiesfeldt along with several other state lawmakers repeatedly stood up for tax cuts, pro-growth reforms and investments in our state’s workforce this past legislative session. He has supported initiatives that will spur economic growth and job creation by putting an emphasis on improving Wisconsin’s business climate.

WMC, the combined state chamber of commerce and manufacturers’ association, is recognizing individual lawmakers with a prestigious “Working for Wisconsin” award in response to their efforts to keep the state moving forward.

“I am proud to be one of the leaders in this state that is working to create a political environment where businesses thrive. I am honored that the WMC has chosen me to be one of their recipients’ for this prestigious award.” Thiesfeldt commented.

A ceremony was held yesterday morning on the Mercury Marine campus in Fond du Lac, where Representative Thiesfeldt was given the award.
