RSLC Launches Issue Ad Targeting Caleb Frostman's Support of Government Run Healthcare

WASHINGTON (October 18, 2018) – The Republican State Leadership Committee (RSLC) today launched a six-figure cable issue ad campaign in Wisconsin Senate District One. The issue ad highlights Caleb Frostman's open and public support of a single-payer healthcare system in Wisconsin and the billions it would cost taxpayers.

"Wisconsin has brought its economy back under the ideas and reforms of the Walker- Kleefisch team, backed by the Republican majorities in the State Senate and State Assembly, to a record low of 2.9%," said Matt Walter, President of the Republican State Leadership Committee. "Caleb Frostman's radical left views would cost Wisconsin taxpayers billions, while growing government, and that's not what reformers in the Badger State want," added Walter

A script for the new issue ad “Costing Us” is below, and the ad can be seen here:

Caleb Frostman’s ideas will cost us.

Frostman supports government-controlled healthcare, taking away choice, and replacing it with waiting lists.

Frostman would put red tape and bureaucrats in front of our loved one’s medical decisions, and inflate Wisconsin taxes by thirty billion dollars in the first year alone.

Frostman believes that we should be paying more money for less access to care.

Call Caleb Frostman (608) 266-3512 and tell him we don’t need his broken ideas.
