A written transcript of the address is below:

*"Hello, this is Senator Mark Miller with this week's democratic radio address.*

*"In this week's necessary fact check, we look at the Governor's claim to be the defender of pre-existing conditions.*

*"Under the Affordable Care Act, insurance companies are prohibited from denying health insurance to persons with pre-existing conditions. The Governor is falsely claiming that he is the protector of this provision that allows our neighbors who have had the misfortune to have been sick in the past to purchase health insurance today at reasonable cost. This claim by the Governor is blatantly not true.*

*"Instead of protecting the ability of Wisconsinites to get health insurance without regard to pre-existing conditions, the Governor, together with his Lt. Governor and his Republican Attorney General and with the support from the Republican majority in the legislature, joined a lawsuit seeking to overturn the very protections that many in Wisconsin depend on.*

*"We rate his claim: false."*
