MADISON, Wis. — State Sen. Leah Vukmir, R-Brookfield, issued the following statement Thursday following the groundbreaking of Foxconn in Mount Pleasant:

“Today is a huge win for Wisconsin as our state leads the way in ensuring that manufacturing continues to play an important role in our economy. Foxconn will add quality, well-paying jobs for workers and their families.

“I would especially like to thank President Trump, Gov. Walker and Speaker Ryan today for their leadership bringing Foxconn to Wisconsin.

“This investment in our economy will provide a significant statewide ripple effect for Wisconsin businesses. Today’s groundbreaking sends a signal across the country that Wisconsin is open for business.”
