JANESVILLE, WI – First District Congressman and House Speaker Paul Ryan (R-WI) today released the following statement after the U.S. Department of Transportation [awarded a grant of \\$160,000,000](#) for Wisconsin's [I-94 North-South Freeway Project](#).

"This is huge news for Wisconsin and our economy. I'm thrilled that the Trump administration has seen the value of this project, and I also want to thank Secretary Chao for her support. With these resources, we can continue to make this area an even better place to live and work. We know that Foxconn's arrival is going to be a boon for our region, and this grant will help ensure we have the infrastructure needed to welcome the new jobs coming to southern Wisconsin."
