Rep. Ron Kind Helps Create and Grow Apprenticeship Programs

La Crosse - Today, **U.S. Rep. Ron Kind** cosponsored the *American Apprenticeship Act*, which will help create and expand tuition assistance programs for students interested in hands-on work experience in Wisconsin.

“As I travel across Wisconsin, I often hear about the benefit of hands-on training, and the leg up it gives our students as they start applying for jobs and enter the workforce,” said **Rep. Ron Kind**. “Easier access to apprenticeships will give our students the tools and expertise they need to find good-paying jobs here in

Wisconsin.”

The funds provided under the *American Apprenticeship Act* would be used to alleviate the burden of tuition and fees, textbooks and equipment costs, and other required educational materials for job training programs.

The *American Apprenticeship Act* is included in Rep. Ron Kind’s Education Action Plan. More information on the PATH (Preparation, Affordability, Training, High-Demand) Education Action Plan can be found [here](#).
