Washington, D.C.—Today, Congressman Jim Sensenbrenner (WI-05) offered the following statement after voting for H.R. 6, the SUPPORT for Patients and Communities Act:

Rep. Sensenbrenner: “This comprehensive legislation advances our bipartisan effort to end the opioid epidemic and restore hope to families and communities suffering from this public health crisis. I’m proud of our work and urge my colleagues to take the next step and pass my Stopping Overdoses of Fentanyl Analogues (SOFA) Act to specifically target the proliferation of fentanyl analogues, which, along with other synthetic opioids, have become the most common cause of overdose-related death.”
