WASHINGTON — U.S. Sen. Ron Johnson (R-Wis.) said this after the groundbreaking ceremony at the site of the future Foxconn Technology Group facility in Mount Pleasant, Wis.

“Today’s groundbreaking is the start of an exciting chapter for southeastern Wisconsin. Not only will our state benefit from the jobs created directly at Foxconn, but also indirectly throughout the economy. I want to congratulate President Trump, Gov. Walker and Speaker Ryan for the commitment and vision to make this possible.”
